

MIRABAI DEVI FOUNDATION

Biography

"My mission in life is to help humanity turn towards God, and so bring liberation and world peace to all."
Mirabai Devi

Mirabai Devi is an international spiritual teacher, healer, author and mentor for thousands of people around the world and the founder of the Mirabai Devi Foundation. The Foundation is dedicated to her mission of raising world consciousness through the awakening and healing of humanity.

At a very young age growing up in South Africa, Mirabai innately sensed such suffering in humanity that her gifts of compassion began to develop. She then started to receive inner training from the Divine Light and Divine Masters. Later, she traveled to study with teachers in India and the West until she realized her purpose was to use her gifts to serve, heal and awaken. Since that time, she has been traveling the world giving darshan to awaken and help all who come to her.

Mirabai's programs include spiritual teachings and guided meditation, devotional singing and, most importantly, the transmission of the Divine Light called Darshan. Through these programs, Mirabai awakens and empowers people to focus on the light of God within and directly experience their own divine nature, regardless of personal beliefs or religion. Her programs and group healings have transformed the lives of thousands of people.

Mirabai Devi is based throughout the USA and South Africa with regular tours worldwide. She also conducts pilgrimages to India, Brazil, Peru and South Africa.

Mirabai is the author of Samadhi: Experiences of the Divine, an inspiring book of short texts and meditations describing her experiences of deep absorption in the Divine.

In addition to her book, Mirabai has produced seven CDs of her inspiring talks and guided meditations, and has spoken frequently on radio and television. She founded and directed the former Centre of Light, a centre for healing in Johannesburg, South Africa.
